📁 Work experience

07/2015 - Present **Heritage Consultant** | WESSEX ARCHAEOLOGY, BRISTOL, UK

Wessex Archaeology is a leading provider of heritage services to a range of sectors and clients across the UK. I was working on commercial heritage consultancy projects, undertaking desk based research, heritage planning guidance and conservation policy; assessing impacts to the setting and significance of heritage assets.

10/2014 - 07/2015 **Junior Archaeologist** | ARCHAEOLOGICAL SITE OF CARTHAGE, TUNISIA

After being in Tunisia's famous archaeological site for a trainee in 2009 I had the great honor of being able to manage a discrete area of work within restoration of new Thermas discovered in 2014.

06/2013 - 10/2014 **English speaking guide** | MAC EMPÚRIES, SPAIN

I spent a year as one of the English guides at Empúries archaeological site located in the Mediterranean north coast of Spain. Empúries is the only archaeological site in the Iberian Peninsula where remains a place where the Greek -Emporion colony enclave- with the remains of a Roman city founded in the early 1st century BC on the structures of a Roman military camp installed during the previous century.

07/2009 - 09/2009 **Archaeology Trainee** | ARCHAEOLOGICAL SITE OF CARTHAGE, TUNISIA

The Traineeship I assisted consisted in field work helping the District of Tunis Archaeological staff on the restoration and maintenance work at the Archaeological Site of Carthage, protected by Unesco Heritage Program for Historic Monuments since 1985. Carthage was founded in the 9th century B.C. on the Gulf of Tunis. From the 6th century onwards, it developed into a great trading empire covering much of the Mediterranean and was home to a brilliant civilization. In the course of the long Punic wars, Carthage occupied territories belonging to Rome, which finally destroyed its rival in 146 B.C. A second Roman Carthage was then established on the ruins of the first.
